Over the past year, Homes RI advocated for State Leaders to make a substantial investment of American Rescue Plan State Fiscal Recovery (ARPA SFR) funds to improve housing stability for Rhode Islanders. On June 27, 2022, Governor Dan McKee signed a $13.6 billion state budget, which dedicates nearly one-quarter of Rhode Island’s ARPA SFR funds to affordable homes and homelessness prevention. The FY23 budget allocates $221 million to housing, on top of $29 million approved by lawmakers in January 2022 as part of the RI Rebounds Act. The $250 million total represents an historic level of investment providing critical financial resources for housing development, expanded homeownership opportunities, and support for people experiencing homelessness. Homes RI thanks the RI General Assembly and Governor McKee for demonstrating a commitment to meet the serious need for more homes and services for people experiencing housing insecurity across Rhode Island.

Homes RI is composed of many committed partners and supporters and our coalition will continue to build on this success in the coming years. We offer the deepest appreciation to our community partners and advocates across the state for their hard work and strong advocacy for safe, healthy, affordable homes.

RHODE ISLAND FY23 STATE BUDGET HOUSING PROVISIONS
Funded through American Rescue Plan State Fiscal Recovery Funds
See attached document for complete break down of the housing provisions provided in the RI state budget.

STATE BUDGET HIGHLIGHTS:

$85 million to build affordable homes for low income households, distributed over fiscal years ‘23, ‘24, and ‘25.

$30 million for down payment assistance to eligible first-time homebuyers, distributed over fiscal years ‘23, ‘24, and ‘25.

$25 million to support a program that provides financing to re-develop properties that are vacant and/or in need of rehabilitation. The program is targeted to projects in disproportionately impacted & low-income communities. Funds will be distributed over fiscal years ‘23 and ‘24.

$35 million to prevent and end homelessness, through programs administered by the Office of Housing and Community Development.

$2 million to develop a Statewide Housing Plan to address current and future housing needs, barriers to housing access, and identify critical services for disproportionately impacted residents.
$85 million to build homes for low-income households
- $30M for FY23, $30M allocated for FY24, $25M allocated for FY25
- $10M of these funds will be invested in a pilot project to provide financing for construction and project-based rental assistance for public housing.

$20 million to build homes for moderate-income households
- $12M for FY23, $8M for FY24

$7.5 million to support pre-development activities to build affordable homes
- Pre-development activities include things like applying for project financing, legal work, architectural and engineering assessments, and other work needed to help prepare for construction.
- $2.5M allocated for FY23, $2.5M for FY24, $2.5M for FY25

$13 million to acquire property that can be used for affordable homes
- These funds, administered by RIHousing, will help builders acquire land and existing properties to build homes for very-low and low-income people.
- $3M allocated for FY23, $5M for FY24, $5M for FY25

$30 million for down payment assistance to help people purchase their first home
- RIHousing will provide $17,500 in assistance to eligible first-time homebuyers.
- $10M allocated for FY23, $10M for FY24, $10M for FY25

$25 million investment in RIHousing’s Acquisition & Revitalization program
- The ARP program provides financing to re-develop properties that are vacant, foreclosed, and/or in need of rehabilitation.
- $10M allocated for FY23, $15M for FY24
PRODUCE, PROTECT & PRESERVE AFFORDABLE HOMES STATEWIDE - $180.5 MILLION

HOUSING ACCESS & STABILITY
$35 MILLION

$20 million investment in services to prevent and end homelessness
- These funds will be administered through the Office of Housing and Community Development and will support programs that provide:
  - help finding and obtaining housing to people experiencing homelessness
  - behavioral healthcare
  - housing stabilization services
  - operating subsidies for homes built for extremely low-income (≤ 30% AMI) households
  - supportive services to help people transitioning into housing
  - $7M allocated for FY23, $7M for FY24, $6M allocated for FY25

$15 million to acquire or build temporary and permanent shelter to address pandemic-related homelessness
- $10 million of this allocation will support housing-based programs and services administered by Crossroads RI.

SUPPORT TO STATE TO CREATE AND PRESERVE SAFE & HEALTHY HOMES
$3 MILLION

$1 million to increase staffing at the State Office of Housing and Community Development
- New staff will support research and data analysis, stakeholder engagement, and programs for homeless services.
- $500K allocated for FY23 and $500K for FY24

$2 million to create a Statewide Housing Plan
- The plan will address current and future housing needs, barriers to housing access, identify critical services for disproportionately impacted residents, and support cities and towns to meet their low and moderate income residents' housing needs.
Homes RI supports removing legal, administrative, regulatory, and economic barriers to accessing quality homes. During the 2022 legislative session, over 100 bills related to housing were introduced. Many bills were aimed at addressing barriers to building, accessing, and retaining safe, healthy, affordable homes. In June, the House and Senate approved a package of ten bills designed to streamline affordable housing production, and help cities and towns meet low and moderate income housing goals. Homes RI is pleased that lawmakers recognize the importance of enacting legislation that reduces barriers and promotes housing stability for Rhode Islanders. Below is a summary of housing legislation that was tracked this year and the results. We look forward to continuing our collective advocacy for policy changes that increase the supply of affordable homes, reduce evictions, and increase housing security in 2023.

### 2022 Legislative Summary

#### The package of housing bills signed into law on July 5, 2022:

- Elevates the Deputy Secretary of Commerce for Housing to Secretary of Housing, a cabinet-level position that reports directly to the Governor and creates a new department of housing (H7940Aaa / S3058)
- Incentivizes cities and towns to build more rental homes for low income households (H7941A / S3044)
- Creates a statewide standard for building Accessory Dwelling Units (ADUs) (H7942B / S2623A)
- Creates a state-level process to explore converting vacant schools to affordable homes (H7943A / S3048)
- Requires RIHousing, the Housing Resources Commission, OHCD, and Statewide Planning to provide data to drive responsive policymaking related to affordable homes and land use (H7944A/S3051, H7945A / S3045, H7946A / S3049, H7947A / S3052)
- Adds two voting members to the State Housing Appeals Board (SHAB) that represent tenant interests (Center for Justice and Direct Action for Rights and Equality) (H7945A / S3045)
- Makes administrative changes to streamline decision-making on affordable home development (H7949Aaa / S3046A)
- Strengthens provisions for affordable housing monitoring agents, who serve in a stewardship role to make sure deed-restricted affordable homes remain available to income-qualified residents (H7950A / S3050).

#### Legislation that passed and was signed by Governor:

- H8078B and S2857A extend the time frame in which the district court can schedule an eviction hearing from nine days to 14 - 24 days. This is significant because it provides additional time to the tenant to prepare, and helps avoid overscheduling court calendars, ensuring daily court proceedings remain streamlined and efficient.

#### Legislation to increase housing stability that did not advance out of Committee:

- H7809 / S2214, the Housing Payment Stability Act, would have required landlords to complete their portion of a federal emergency rental assistance application before filing an eviction against a tenant.
- H7894 / SB2223, legislation to implement a statewide registry of rental property owners at the Secretary of State’s Office.
- H7892 / S2375 would have sealed court filings of tenants in eviction cases.
- H8221 / S2641 would institute “fair chance” provisions to expand housing access for people impacted by the criminal justice system.
- H7680 / S2381 would prohibit landlords from asking tenants about their immigration status.

#### Legislation that passed in the Senate, but not the House:

- The Lead Poisoning Prevention Act, H8153 / S2765Aaa would have established a plan to replace lead service lines at low or no cost to residents, and set guidelines to notify renters of existing lead lines to their residence.
**TESTIMONY PROVIDED**

In March, Homes RI and partners submitted written and verbal testimony for House and Senate bills entitled "An Act Making Appropriations For The Support Of The State For The Fiscal Year Ending June 30, 2023" - Section 1, Article 16 - Housing initiatives: Governor’s proposal for $250M investments.

**URGING LEADERS TO SAY "YES" TO INVEST**

As part of our advocacy efforts, Homes RI drafted a letter tool to Rhode Island General Assembly members urging them to support increased investments in affordable housing and say "YES" to investing $500 million of American Rescue Plan State and Local Fiscal Recovery Funds.
